Lepsham September 6th 1863
Dear Brother White please come
on we will do the best we can
for you and yours I have two
small Jobs on hand fixing
in a plaster mill & Corn Mill
and I had a long Job on the Rail
Road but I got off from that
to do these other Jobs but if I
cannot do your work than are
Others here that will I suppose
but I do not know for I have had
no time to find out since I received
your letter, about preaching
we hope you will do some or
more, the people here have bin
~~waiting~~ expecting the Advent
Ministers for a long time we
expected they would be here long
ago with the tent but we have
bin disappointed, we hope and pray

that the Lord will send his
servants through these Eastern
States and gether in such as shall
be saved years in hast
