Lancaster Mass. Jan. 13/1874

Dear Bro. White; When I wrote
you last week I was about setting out
for Washington N. H. Today I have
just returned, and will say that I have
had a very interesting season indeed.
I went there to help the church against
Ball. God gave me great freedom
and clearness of thought in showing
up his effort to cast darkness upon
their minds respecting the heavenly
Sanctuary, and the ministration of
Christ therein. I think the Lord did
specially aid me. I found a great
blessing to my own soul. Then we
closed with a most precious social
meeting in which the young with
deep feeling, nearly all of them, took
a part. I feel very grateful to
God for his blessing.

On my way I called at Man-
chester and did my best to
help W. L. G. He seems to feel his
case deeply. There is apparently an
earnest desire on his part to con-
fess his way back, but of course
Satan has got many difficulties
in his way that seem to him
almost insurmountable. He does
not seem to find his difficulty
in the severest things said in
his reproach but in some minor
matters that he cannot see how
to understand. But he is determin-
ed to come out in the Review
with confession. He says he is in
full sympathy with the action
with respect to Leadership.
I certainly feel deep interest

and hope in his case. - I am
very grateful to you for the bless-
ing I have received from the
Lord.

I think the first number of the
Missionary is excellent. I could
not get ready for that, but I
will try to be ready for the
numbers hereafter.

I thank you for what you
have allowed me on the Sabbath
History. It helps me wonderfully.
Just as soon as I can sell I
will pay up all my pledges
and whenever I should pay,
I expect shortly to go to R. I.

Yours in Christ
J. M. Andrews
