James White. One Thousand
Six Hundred & seventy ~~44~~ ⁴⁴/₁₀₀ Dollars
(\$1670.⁴⁴/₁₀₀)

7 I have just come from Green-
ville. I purchased four
hundred Thousand ft of
Lumber, to be delivered on
the Cars between now &

the tenth day of March
1874. And pay \$12,000
per Thousand. of course
we will not need all
of this Lumber for building
the coming season. but in
order to get it for the above
price we had to take the
whole amount. And good
judges say that it is bought
at least Eight Hundred Dollars
less than can be bought in any
other Mills at this time.
And when you consider the
price we would of had to pay
here in B. C. there is saved
at least twice that amount.
we pay \$1000.⁰⁰ down & \$1000.⁰⁰
