Elder L. H. Christian,

1315 E. 38th St., Minneapolis, Minn.

Dear Brother Christian:

Some time ago we sent you galley proofs of the first chapters of Mother's book Acts of the Apostles. We also sent you a letter addressed to Hutchinson, which returned to us with the statements that the proofs had not yet been received.

We are hoping that they have since been found and that the second and third lots sent to you have been received.

During the last two weeks we have been hearing from those who have read the galley proofs. Their letters are very encouraging. In a few cases they have pointed out things which might be misunderstood by the dull reader.

As yet we have not heard from our brethren at College View as to the advisability of our issuing this book at an early date in the Danish and Swedish. Probably they are waiting to hear from you and from Brother Mortensen.

Please tell me if you think we ought to endeavor to publish this book soon in the Danish, also tell us your first and second choice of translators.

We have been greatly rejoiced to hear of the prosperity of the work at the Hutchinson College.

Yours very truly,

*W. C. White*
