

June 19, 1911.

Mr. W.H. Covell,
909 Chronicle Bldg.,
San Francisco, Cal.

Dear Brother Covell,---

This morning we are enjoying a brief but very pleasant visit from Dr. and Mrs. Paulson. ~~Now~~ I think they are planning to spend Wednesday forenoon in San Francisco. They expect to visit Brother Chas. Peter about nine o'clock Wednesday morning at the little depository close to the Ferry Building.

My chief object in writing this letter to you is to ask you to write me a very brief but comprehensive statement regarding your relation to the Harris Company, such as you would be pleased to have me manifold and send out to those who have read his circular letter in which he speaks of your being secretary of the Company. Several who have read this circular express their surprise that you are connected with the Company, and I have permitted them to read your letter of June 9, but it occurs to me that you could give me a concise statement covering about one-half of a page just as you would like to have me use it.

Yours in haste,

W. C. White
