

White, WC

Sanitarium, California,

Sept. 5, 1913.

Elder F. C. Gilbert,
Concord, Mass.

Dear Brother Gilbert:

I often remember with pleasure my short visit at your place, and I pray God to bless you and your fellow-workers at the Jewish home.

On my return home I found Mother about as well as when I left her to go to the General Conference. During the last few days she has not been quite so well, but we are praying that the Lord will sustain her strength, and prolong her life.

We are pressing the work on the book MS. with all our might. Just now my time is broken into by the closing up of our annual balance sheet, and also by the necessity of looking for funds. Several persons who have loaned money to mother for two or three years, are wishing to withdraw their money because of various necessities and opportunities for good investment. This makes it desirable for us to find two or three thousand dollars at 5%. If you know of any old-time Sabbath-keepers who have money in the banks or loaned to outsiders that they would prefer to have used in Mother's book work, I wish you would mention to them our need, and the character of our work. We will cheerfully answer any inquiries regarding the status of Mother's business.

When you are ready to open up fruit sales, you will find Brother James has a good supply of fruit. The prices are high this

Gilbert-2-

year because fruit is scarce. It will be a good time to establish routes when prices are high. Then as lower prices prevail, people will feel that you are their friends in giving them the benefit of the lower prices.

Hoping to hear from you soon regarding the good work in which you are engaged, I am

Yours very truly,

W. C. White
