Elder W. C. White,  
Sanitarium, California.

Dear Brother White:

I am returning a manuscript which you sent to me some time ago. I have been under the impression that this was returned, but I have discovered it in my desk. I hope I have not delayed too long in returning it. Many thanks for your kindness in sending it to me. I have read it carefully, and it does seem to me that there is ground for the position you take relative to the charts published in 1844.

Expecting to see you soon at the departmental meetings to be held in Mountain View, November 1, notice of which has previously been sent you, I remain,

Sincerely yours,

*W. W. Eastman*
