Dear Bro. White, -

We received your letter - forwarded to us here from Fla., Eve after the Sabbath. The sad news of the death of your dear Mother had already reached us.

I can assure you that we mourn with you. We are glad that she had such a son to comfort her in her declining days.

We have read with great interest all that has appeared in print, with reference to her illness & have felt it a privilege to pray

for her in our family de-
votions. This privilege we
will miss.

Hope that you have man-
uscripts from her pen, that
will still appear in our
papers. We always feel a
love when we receive a
Review without their be-
ing an article from her pen.

May the Lord shield us
as a people, & enable us
to walk in all the light
that he has given us, through
his chosen servant in
our prayer.

With deep sympathy
to all the family and
household,

Mr. & Mrs. W. W. Williams
